Catholic Fund Raising is not a MONEY problem

There is ample money-giving ability in most Dioceses and Parishes to support adequately all financial needs and benevolent aims. Unfortunately, the burden is usually assumed by about 25% of the potential givers.

It's PARTICIPATION that counts!

Participation results only with:

- **complete education**
- **strong motivation**
- **thorough organization**
- **direct solicitation**

This is best accomplished with the aid of professional counsel.

EASY TO TEACH
EASY TO LEARN

with a complete low-cost* Philco training program

PHILCO's "Fundamentals of Electricity and Electronics" is a fully organized course featuring complete teaching aids and materials. Classroom demonstration and laboratory experiments are integrated with textbooks and workbooks . . . and everything is clearly defined in instructor manuals.

The program consists of:

TEACHING AIDS:

Philco provides four dual-purpose demonstration panels and a complete accessory kit. Schematic diagrams on the panels are paralleled with the actual operating circuit. Instructors demonstrate each concept on the panel; students work out problems in doing assigned experiments. Using the accessory kit, you can apply these panels to every possible fundamental circuit demonstration.

BOOKS:

Three texts, clearly written and functionally illustrated, give your students simple but thorough coverage of fundamentals. These were written specifically for beginners by training experts with years of experience.

Three Laboratory manuals keyed to texts guide your students during laboratory sessions. A complete series of experiments are presented; using these your students prove and apply theory learned during lecture demonstration sessions.

Three Instructor's manuals serve as your plan book; organize and detail a proven course that integrates demonstration panels, accompanying workbooks, and the 3-volume textbook series. This complete training program has been developed by the Philco Technological Center, specialists in electronics training for more than 20 years. Let them help you teach electricity and electronics fast and effectively. Write today for further information.

BOOKS FOR PRIESTS

The book needs of today's priests seem as varied and many faceted as the new image of the Church itself. Certainly they need books for convert and marriage instructions. Books of sermon preparation and scriptural exegesis are also indispensable. Add to these basics, books on canon law, the liturgy, laity problems, and spiritual growth — and you have just begun to cover the special needs of priests. For many decades we have published books in all these fields. Priests have learned

by experience that they can order the books they need from Bruce with confidence. Write for a complete catalog.

THE CATHOLIC LIBRARY WORLD

SAYS, "SINCE 1922, COMPTON'S PICTURED ENCYCLOPEDIA HAS MERITED THE REPUTATION 'FIRST IN QUALITY'."

The quotation above is from a review written last year by Sister M. Alphonsus Liguori, I.H.M., of Marygrove College, Detroit, Michigan, for the official journal of the Catholic Library Association.

You will find that the new 1963 edition maintains the Compton tradition of "first in quality." Thousands of revisions, added articles and illustrations make it, again, the most up-to-date of all encyclopedias. And its more readable language, incomparable "teaching pictures" and exclusive Fact-Index keep it, still, the most useful of all encyclopedias to students, teachers, and librarians alike.

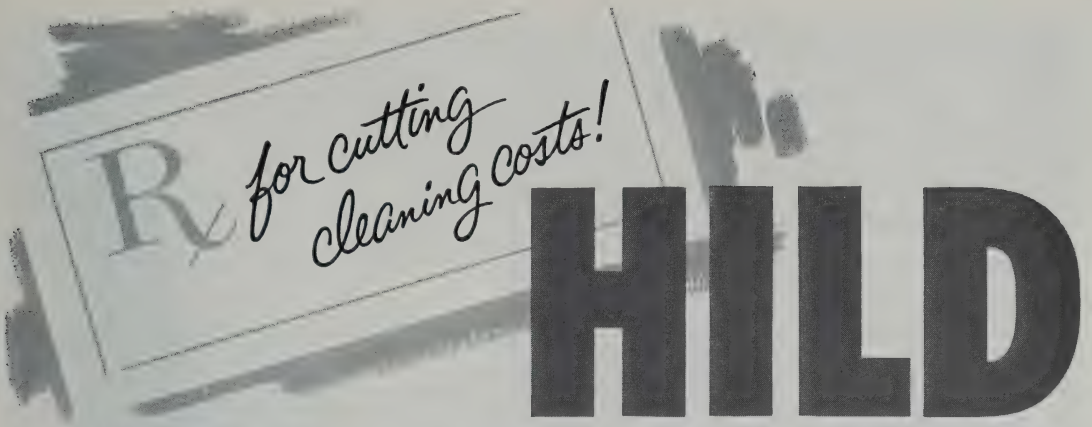
WARP'S
REVIEW-WORKBOOKS
Make Teaching Results Immediate

Tuned in with the times, which are moving so swiftly it is often difficult to keep pace, is every one of the WARP'S REVIEW-WORKBOOKS for the Fifth, Sixth, Seventh, and Eighth Grades. And that really explains why they add so swiftly to the process of communication you set in motion each time you face your classes.



The old methods of teaching, with their slow pace, their even tenor, their time-lag will no longer do. Nowadays your communication must be as swift as it is sure—and it must be both sure and swift if your teaching is to have complete approval in today's teaching world.

The method, which WARP'S REVIEW-WORKBOOKS employ in bringing about this swift and sure communication, is one which has the backing of over forty-five years of intensive use in schools all over America and in Canada and other parts of the world. The method, which is based essentially upon scientific principles of teaching that are ageless, that are unchanging, that are as new as when they were discovered, has become known as the *Warp Five-Point Method.*

This Method makes every day in the classroom a day of accomplishment, because it makes the process of communication upon which all teaching depends, swifter, surer, more lasting in its effect.

Pupils taught with WARP'S REVIEW-WORKBOOKS are better taught than pupils without them. Write at once for free catalogue which describes in detail each book.

For want of a nail . . .

Remember the parable made popular by Benjamin Franklin? How for lack of a nail the shoe was lost, for lack of a shoe the horse was lost, then the rider, and finally the battle upon which depended the kingdom.

Across the length and breadth of this wonderful land of ours—our kingdom—our future and the future of generations to come may be in jeopardy for want of a "nail."

The "nail" in this symbolism is that vital link to America's future . . . *your decision* and that of other religious and lay leaders to move ahead with confidence . . . to prepare for our future now.

As America's oldest and largest underwriter of institutional bond issues, we would like to be of help when you make your decision. Over 50 years of experience (in 47 states) blends with our reputation for planned, personalized service. Our references are the hundreds of fine institutions we have had the privilege of serving these many years.

Wayne also offers all-new Fortress Wall side construction for the greatest protection where passengers sit closest to possible impact; new extra-large windows for better visibility, easier emergency escape; new heating system for healthier heating and ventilating; new passenger seats with posture-perfect design.

In every way, the new Waynes are designed to last longer and provide unprecedented safety. See your Wayne Distributor today for school bus savings and safety! He will tailor a lease or finance plan to get you the buses you need now!

The Sacred Canons

"This two volume work offers a comprehensive coverage of all the disciplinary norms of the Church as contained in the canons of the Code of Canon Law. With the exception of the canons on procedure, the essentials of which are only outlined in a 24-page summary, the authors give a clear rendition of all the canons, together with appropriate commentary, wherever useful or necessary. In addition, one finds many authentic interpretations and authoritative decisions of the Holy See that have been published up to 1960." *The Patrician*

WHY PORTABLE

• **SPEECH IS MORE INTELLIGIBLE.** *Microphone* is broadcast-quality cardiod type to minimize extraneous noise pick-up, improve pick-up of speaker's direct voice, reduce "whistle" tendency. Mounted on gooseneck for instant adjustment to height *and* position. *Amplifier* is hi-fi design—separate bass/treble controls to compensate different voice characteristics, volume control adjusts to voice intensity. *Loudspeaker* is wide-range type, in acoustical housing to retain fidelity.

• **VERSATILE.** Plug-in Jacks, as needed, can be supplied to suit direct sound projection, or reenforcement system tie-in, or both. Available with (a) *Neck Microphone* permitting mobility on stage or in audience; (b) *Extra Loudspeaker* for larger audiences or outdoor gatherings; (c) *Record Player* for sound fill-in between announcements (as in social halls); (d) *Tape Machine* for recording/playback of speaker's program and/or audience participation.

• **HARMONIOUS APPEARANCE.** Whether in the Neo-Gothic design shown here, or other designs to order, accent colors available to suit the lively decor of a schoolroom or auditorium, or beautiful wood finishes to complement the dignity of any ecclesiastical interior. FOLDING PARTITIONS and WARDROBES

provide flexibility in the unique "School in the Round"

FLOOR PLAN

Photo illustrates effective use of R-W Folding Partitions and Wardrobes in the Our Lady of Good Counsel School, Chicago, Illinois. Architects: Kefer and Cronin, A.I.A., Chicago, Illinois.

This school graphically illustrates a fresh and vital approach to elementary school design. One of the outstanding features of the design is the flexibility provided by the R-W Folding Partitions used to separate three classrooms and the stage. This provides a multi-purpose area that can be used for classrooms, for large assembly groups or as an auditorium for special events. R-W Wardrobes were utilized in each classroom to provide practical storage facilities.

This school provides a classic example of how modern design concepts are best achieved with R-W Folding Partitions—*a time-proven* product.

SUMMA THEOLOGIAE

By ST. THOMAS AQUINAS

General Editors: Thomas Gilby, O.P., and P. K. Meagher, O.P. (Cambridge)
Supervising Editor: T. C. O'Brien, O.P. (Washington)

This is the long-awaited sixty-volume edition of one of the pillars of Christian philosophy. It is a completely new translation into contemporary English, printed side by side with a revised Latin text. The translation is intended for all Christians — not only theologians and scholars. It is simple and readable, yet nowhere is meaning sacrificed to style.

Footnotes and glossaries are found in each volume.

First three volumes to be published in 1963

ENCYCLOPEDIC DICTIONARY OF THE BIBLE

Translated from the Dutch by LOUIS F. HARTMAN, C.SS.R. Universally recognized as a classic, this famous work is now for the first time being published in English. More than a translation, this is an expanded, updated version. Subject-entries include proper and place names, objects, customs, and all subjects related to the Bible. Articles of theological import have received special attention, and are treated more extensively here than in other such works. An indispensable aid to scholars, teachers and students of the Bible. 1300 pages. Illustrated.

FLEXOTILE

REMODELING? *and ....Advantages*

- FLEXOTILE is an all-mineral mixture. Comes in a wide color range. You may have the beautifully mottled FLEXOTILE SHEET MARBLE with its highly ground and polished marble chips or the FLEXOTILE SHEET GRANITE with its delicately shaded solid colors.
- FLEXOTILE floors have a slightly clinging tread which erases all fear of slipping or falling even if the floor becomes wet.
- FLEXOTILE is strong and long-wearing—has no expansion or contraction—no cracking, even with vibration of a building.
- FLEXOTILE has unusual flexibility—it will withstand a 6 inch depression in a 12 foot span, without danger of fracturing.

St. Thomas Church, Camp Point, Illinois
Rev. Francis E. Cunningham, *Pastor*

- FLEXOTILE is light weight—a standard ½ inch coat weighs only 5½ lbs. per square foot.
- FLEXOTILE provides a jointless, continuous floor which is ideal for sanitation purposes, particularly in luncheon or cafeteria areas and in hospitals.
- FLEXOTILE is quickly and easily installed—takes only 4 or 5 hours for the floor to set. Consequently, if conditions require, a FLEXOTILE floor can be installed in the evening hours out of everybody's way and be ready for full use the following morning.
- FLEXOTILE floor polishing method completely eliminates raising of any dust and consequent danger to furnishings.

• FIREPROOF FLOORS. FLEXOTILE conductive flooring is a spark-proof, static, discharging conductive flooring which meets all the requirements of the National Fire Protective Association, The American Hospital Association, and The National Board of Fire Underwriters. This means that you have an absolutely safe flooring, which is obviously of vital importance particularly in institutions such as hospitals, laboratories and so forth.

Taylor Freezer International
440 Lafayette Street
New York 3, New York

Gentlemen:

I thought you would be interested to know how well we are progressing with our Taylor Soft Ice Cream machine that you installed in our lunch counter this past September.

Over 10,000 cones have been served since then. Although we have already entered the cold weather season, it seems that the temperature outside does not affect the sales inside. The kids love it.

We are planning for the purchase of an additional machine for our snack-bar and expect the same favourable return.

Sincerely yours,

ST. AGNES ACADEMIC SCHOOL

Lowell J. Schmitt

10,000 Soft Ice Cream Cones

SOFT ICE CREAM PAYS ITS WAY AND RAISES FUNDS FOR WORTHY CAUSES

"The kids love it" reported St. Agnes Academic School after selling 10,000 cones in three months. "We sell cones in all three schools every day and feature them on the menu once a week" says the Lunch Director of Fremont (Michigan) public schools. And those who compare freezers say "This one (Taylor) tops them all." Many advantages and leadership in school installations make Taylor the best-schooled freezer.

Taylor-made milkshakes — another health food children love — can add thousands of dollars to your revenue. Ask for free "Nutrition" booklet.

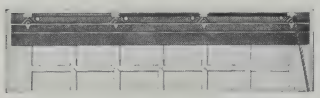
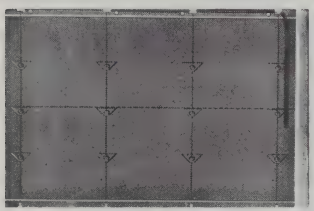
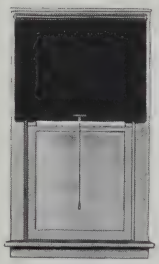
FORSE WEARPROOF SHADES



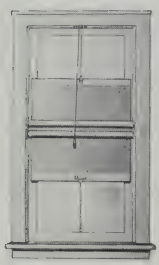
For over 40 years, Forse Wearproof Shades and Draperies have been used in class rooms, auditoriums, gymnasiums, offices — wherever quality, economy and long trouble-free service are paramount requirements. They are designed to provide, at reasonable prices, equipment that is both attractive and durable. All Forse Wearproof Shades and Draperies are guaranteed for 10 years. Many in service today were put up more than 20 years ago.



DARKENING DRAPES — These draperies, made from Forse Wearproof Darkening Materials, provide effective and attractive installations over glass block, wide windows and window groups. Generous overlaps are recommended at top and bottom of windows, and they should usually be several feet wider than the openings to be covered. Translucent draperies for control of light and glare are also available.



No. 50 DUO-ROLL DARKENING — Can be used as a multi - purpose shade when darkening requirements are not too severe. A good shade for high narrow windows. Space between the rollers is covered by a metal light shield.



Above — FOLDED Below — OPEN

No. 10 FOLDING DARKENING — A most economical shade for darkening large windows. Single shades will cover windows up to 15 ft. wide. Very wide windows (over 15 ft.) require multiple-unit overlapping shades. No. 10 shades hang snugly against wall or casings and provide excellent darkening installations. They are easily raised and lowered by cords and secured in the desired position by cleats at the side or bottom. When not in use, they fold at the top where they cannot be damaged. Whenever possible, No. 10 Darkening Shades should overlap openings at least 6 inches on each side. The height should be about 12 inches greater than opening height and they should be attached about 9 inches above the top of the window openings.

No. 30 SINGLE ROLL DARKENING — Excellent for darkening small and ordinary size windows. For best results, the cloth should overlap the openings at least 3 inches on each side. Also available in Pull-up Type with lock pulley at top of opening.

No. 5 DUO-ROLL (left) — Duo Roll Shades permit shading upper and lower sections of windows independently of each other. Upper shade is adjusted by a long cord and lock pulley at the top of the window. A metal light shield covers the space between the two rollers.

No. 3 SINGLE ROLL (Right) — Recommended for small windows. Also available in Pull-up Type with lock pulley at top of opening or sash. Easily installed on French, austral, tilting sash and transom windows.

Forse Shades and Draperies are made to meet every requirement for light control and room darkening. They are available in attractive fabrics and colors to harmonize with your other appointments. Write for literature and material samples.

FATHER FABER'S BOOKS

These reprints have all been re-set in large modern type, in complete contrast to the older editions. However, the writing is Father Faber's; no liberties have been taken with the author's beauty of expression. The readability and format, often noted by reviewers, make them perfect gifts for any feast or season. **Price, $4.50 each.**

CREATOR AND CREATURE

In this treatise, Father Faber applies the thoroughness of the theologian to the relationship between God and man. The pious plea to love God and His laws is disclaimed; it is rather a proper understanding of the relationships between God and ourselves which calls us so urgently to a greater love.

THE BLESSED SACRAMENT

Here we have the excellence of Father Faber's thoroughness applied to a deep and beautiful mystery. It is through knowledge that love expands, and the more perfect our love of the queen of sacraments, the greater our love of Our Lord. Every Catholic will grow in his love of God under the sacramental veils by reading *The Blessed Sacrament.*

THE PRECIOUS BLOOD

To increase devotion to the Precious Blood, the price of our salvation, was Father Faber's purpose in this work. He wrote it as a gift to the members of the Confraternity of the Precious Blood, offering it to God as a memorial of thanksgiving for "salvation through His blood." Love of God and gratitude for our salvation are the effects of devotion to the Precious Blood. These effects are increased by Father Faber's study.

BETHLEHEM

In *Bethlehem,* Father Faber presents the mysteries of the Incarnation, expressing ancient truths in a new light. His chapter on the Bosom of the Father presents the Holy Trinity to us in a clear and inspiring manner. His thoughts of Our Blessed Mother offer a wealth of meditation material, especially in regard to the period from the Annunciation to the Nativity.

THE FOOT OF THE CROSS

The sorrows of Mary, the Mother of God, have been presented to us by the Church as objects of special devotion. In this volume Father Faber increases this devotion with his characteristic insights drawn upon Christian tradition.

SPIRITUAL CONFERENCES

The depth of understanding of the human person which Father Faber had is clearly exhibited in this collection. In covering our aspirations and failures, each reader will find something in each conference which seems to have been written solely for himself.

MOTIVATION COUNTS

in meeting the needs of a growing church

The Church has always depended for its growth on a chain of very human acts . . . healing the sick . . . slashing through a jungle . . . building a school. In today's rapid social change, the Church must meet the needs of shifting, growing populations. New parishes are springing up. Bigger schools must be built. It takes positive motivation to inspire the very human acts that will meet these needs of the growing Church.

Good will is the thing that counts in fund campaigns directed by Thomas E. O'Brien, Associates, Inc. Their job is to make people want to give. That's why they have been consistently meeting campaign goals and attaining the highest collection rate on pledges. The O'Brien approach has helped the people of many parishes re-discover the spiritual motivation for giving, and rally it to effective action.

The firm likes to feel that an O'Brien campaign helps add lasting vitality to parish life. That's why they are invited back again and again. This kind of good will begins with your inquiry about a preliminary survey of parish financial goals. No obligation.

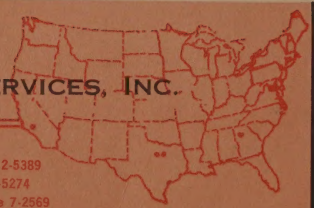
Mr. Allott W. Yadon, President
National Fund-Raising Services, Inc.,
600 South Michigan
Chicago 5, Illinois

Dear Mr. Yadon:

Less than a year ago, the Diocese of Madison in Wisconsin was faced with the problem of providing funds for the erection of a Diocesan Minor Seminary. Although the Diocese had never engaged in a fund-raising campaign, I knew from the experience of others that we would need the services of a reliable and competent professional organization for this purpose. After consultation with Mr. Raymond Murray, we decided to engage the services of your National Fund-Raising Services. Under the direction of Mr. George W. Hill, the campaign was organized and conducted.

As the campaign has drawn to a close, I should like to express my admiration and great pleasure at the success achieved by your "Plan of Action" in obtaining pledges in the amount of $5,788,551.25. Since the goal anticipated was $3,000,000.00, it can be seen at once that the original objective was almost doubled. Permit me to express my personal thanks to your firm for its splendid services to the Diocese of Madison.

With kindest personal regards to you and Mr. McDanel, who conducted the preliminary survey, I am,



Yours sincerely,

IN NOMINE JESU,

William P. O'Connor
BISHOP OF MADISON

W.P.O'C./dpk
